

2009 International Energy Conservation Code

A free download of the 2009 International Energy Conservation Code (IECC) has been made available by the U.S. Department of Energy in conjunction with the International Code Council and its cooperating sponsors. Please print these directions and follow them to obtain your free download.

1. Click on the link below.
2. Fill out the entire 2009 IECC Registration and click the Register button at bottom
3. At the “Thank you for your registration!” screen, **copy the Serial Number** (to be pasted in Step 7 in the instructions below) and click on either:
 - “server 1 (Virginia, USA)” or
 - “server 2 (New Hampshire, USA)”
4. Open and run the file 09IECC-DOE and follow the InstallShield Wizard instructions on your computer.
5. On your computer’s desktop, double click the “2009 International Energy Conservation Code – DOE” icon that has been installed.
6. At the Welcome screen click on the topic “2009 International Energy Conservation Code”.
7. Paste the Serial Number in the spot provided and click the “Online Unlock” button. Click “allow” twice and whether you want to be signed in automatically next time.
8. Your copy of the code should be available for your use.
